

Our state-of-the art theatre space was designed by [Charcoalblue](#) to be a fully flexible contemporary auditorium, with bespoke seating and custom-made decking that means the auditorium can be put into 4 separate orientations.

Our full theatre programme will launch in Autumn 2020, with a handful of preview and special events planned for the summer. We will update this page with the full schedule when it is announced.

The theatre space will be available for rehearsal hire from March. For more information, please [contact us](#).

Please note that at this moment, we are not in a position to accept unsolicited script or production submissions, but will be announcing a full artistic policy in summer 2020, which will include how to submit scripts, propose productions, or seek collaboration opportunities.

The theatre may be available to hire for private functions and events. Please [contact us](#) for more information on hiring the theatre in this way.
